FEEDING THE NATION SINCE 1948

Since its establishment in 1948, Sovereign has grown to become the 3rd largest poultry producer in South Africa, and the 3rd largest in Africa. Our exciting bespoke meal solutions are ideal for retail, restaurants, catering, and hospitality. As a fully integrated operation, Sovereign's facilities are strategically located to service local and foreign markets. With a wide variety of ranges, our products are the ideal solution for food service, HMR (Home Meal Replacement) and deli's.

Our extensive record of exports to the Middle and Far East, as well as the SADC region, highlights our strong export credentials.

We remain driven by a passion for customer relationships and the environment, which inspires us to be a leading innovator in food security and sustainability. Our investment in the most advanced manufacturing technology available ensures that we maintain the high standards of excellence our customers have come to expect.

When it comes to taste, quality and freezer to plate convenience, the fully cooked and par cooked Chicken'tizers delivers with a range of uncoated, battered, southern style breaded and crumbed chicken products.

Cater Chicken includes products that are conveniently portioned controlled and individually frozen, bringing you value-added products in a number of pack sizes, perfect for your food business.

Home cooks far and wide trust our Country Range to bring them the familiar taste of home and outstanding quality, in a range of cuts and portion sizes suitable for any dish or occasion.

HOW SOVEREIGN STANDS OUT

THE VALUE IN GOODNESS

From farm to fork, we strive to find and share the value in goodness in everything that we do. Goodness that makes a meaningful difference for our customers, stakeholders and employees; goodness that provides nutritional value, as well as value for money; and goodness that improves and uplifts communities.

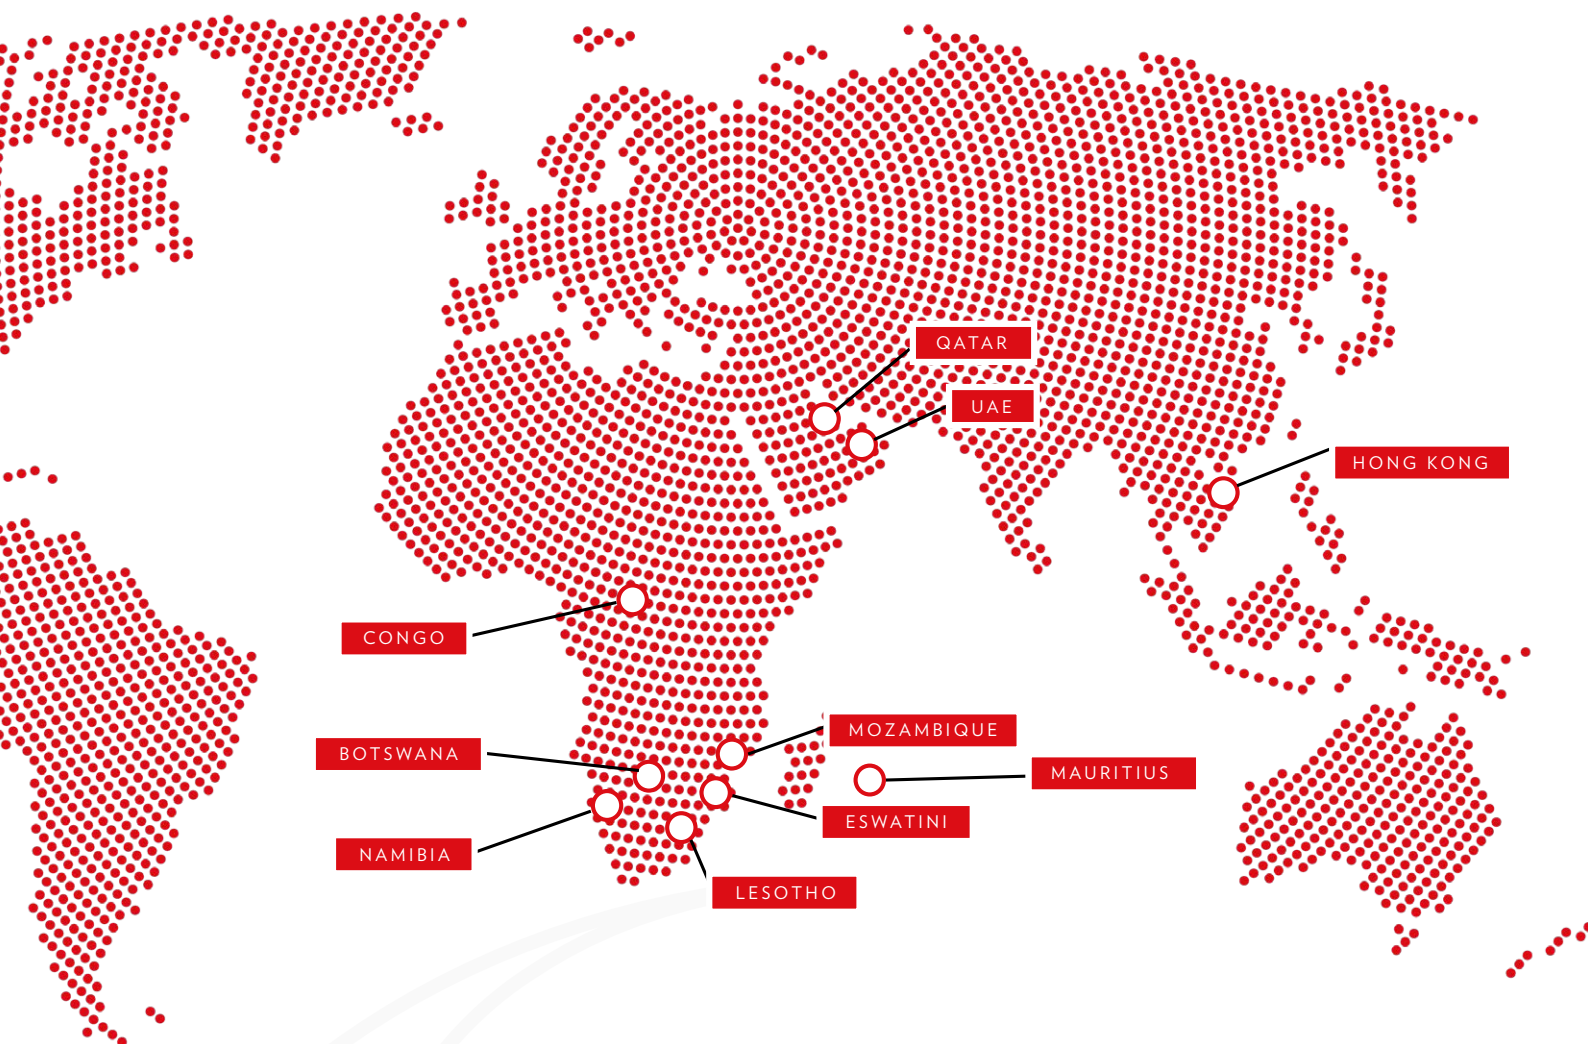

OUR TURNKEY SOLUTIONS

Our fully-integrated operation allows us to control the entire production process. This guarantees consistency and creates procedures that are more effective for a better end product. By carefully monitoring each aspect of production, we are able to reduce waste and increase efficiency, while maintaining the high quality that Sovereign is known for.

CUSTOMISED SOLUTIONS

We are proud to offer customized product solutions tailored to meet the specific needs of our customers. Our comprehensive capabilities enable us to deliver high-quality poultry products that align with specific preferences and requirements. Whether you're seeking specific cuts, flavours or packaging options, our dedicated team is here to ensure that we provide the ideal solutions for you. To find out more, please contact us to see how we are able to assist.

COOKING INSTRUCTIONS

DRUMSTICKS . WINGS . THIGHS

OVEN

- Preheat oven to 190 °C; 100% dry heat (for Combi Oven apply 100% dry heat).
- Place portions on oven trays and heat Drums and Wings for +/- 15 min and Thighs for +/- 20 min.
- Allow product to stand for a minute before removing the portions carefully from the trays.

FRYER

- Preheat oil to medium heat (+/- 150°C).
- Oil should be deep enough to cover the portions completely.
- Fry Drums for 8 - 9 min and Wings for 7-8 min, or until meat is heated through and golden brown.
- Drain excess oil with paper towel.

AIR FRYER

- Preheat air fryer to 200 °C
- Place portions in air fryer basket and space evenly.
- Cook at 200 °C for 10 mins, turning halfway through cooking time
- Remove from the basket and serve immediately

BUFFALO WINGS

OVEN

- Preheat oven to 220°C; 100% dry heat (for Combi Oven apply 100% dry heat).
- Place portions on oven trays and heat for +/- 12 min.

FRYER

- Preheat oil to medium heat (+/- 150°C).
- Oil should be deep enough to cover the portions completely.
- Fry for 7 min, or until meat is heated through and golden brown.
- Drain excess oil with paper towel.

AIR FRYER

- Preheat air fryer to 200 °C
- Place portions in air fryer basket and space evenly.
- Cook at 200 °C for 8 mins, turning halfway through cooking time
- Remove from the basket and serve immediately

POPCORN . STRIPS

OVEN

- Preheat oven to 220°C; 100% dry heat (for Combi Oven apply 100% dry heat).
- Place portions on oven trays and heat for 7 - 8 min or until meat is heated through and golden brown.

FRYER

- Preheat oil to medium heat (+/- 150°C).
- Oil should be deep enough to cover the portions completely.
- Fry both Strips and Pops for 5 - 6 min, or until meat is heated through and golden brown.
- Drain excess oil with paper towel.

AIR FRYER

- Preheat air fryer to 200°C
- Place portions in air fryer basket and space evenly.
- Cook at 200 °C for 8 mins, turning halfway through cooking time

SUSTAINABILITY SOLUTIONS

Sovereign is focused on and fully committed to sustainability throughout every aspect of our operation. We lead the industry in sustainable practices, and remain committed to making continual improvements that reduce our environmental impact.

BIRD WELFARE

The welfare of our birds is paramount at Sovereign. Our employees are trained to strictly adhere to industry standards and follow the Bird Welfare and Handling Code of Conduct. This ensures that our livestock thrives in the best conditions possible.

SUSTAINABLE TECHNOLOGY

As industry leaders driven by innovation, we are equipped with cutting-edge farming and processing technology that is designed and chosen with sustainability in mind. Our world-class facilities achieve sustainability through maximum efficiency.

ENERGY

Reducing consumption and raising energy efficiency are integral parts of our operation. Our facilities have consistently achieved a NERSA 5-star rating after their annual independent audits. With our forward-thinking approach, we are exploring the use of solar energy to power parts of our business.

WASTE RESPONSIBILITY

Responsible waste disposal is an essential component for a sustainable operation, and in that regard, Sovereign is a shining example for the industry. We recycle all dry waste, and have implemented water recycling measures wherever feasible.

TESTING

Our stringent protocols ensure that all testing standards are met in order to produce products of consistently high quality. Our facilities offer unrivaled efficiency and hygiene, and undergo daily and weekly tests to maintain our outstanding safety record. All of our products are fully traceable for added assurance.
